

Japan Equity Small Cap Absolute Value (P) JPY

Investment Objective

Maximise total return over the medium-to-long term by adopting a distinctive value-biased active investment style by looking for investment opportunities in undervalued, small-and-micro-cap companies with sustainable growth potential. The Sub-Fund is managed on an absolute/total return basis and not relative to any benchmarks, hence not looking to be managed on a relative return basis.

The Sub-Fund is actively managed but uses the Russell/Nomura Small Cap Index with Dividend as a reference for performance comparison. The investments of the Sub-Fund may deviate significantly from the components of and their respective weightings in the benchmark.

The Sub-Fund is suitable for investors who see the Sub-Fund as a suitable means to participate in the capital market performance. The Sub-Fund is therefore suitable for investors who can afford to invest their capital over the long term; i.e. a multiple year time horizon.
